Samsung Dlp Light Engine Problems File Type

My Samsung DLP HL-R5667W is freezing up especially when I watch in DVR mode or another a/v input mode like dvd or vhs. It freezes then goes through a sort of off/on cycle. Once it starts it happens every few minutes. I took it to a service shop and they said it needs a new light engine - \$780. The tv is 4 years old and out of warranty.

Samsung DLP - Light Engine? - ecoustics.com

However, it does not affect the color, hue or corners of the screen. To repair this issue, the light engine and Optical Block needs to be replaced. What does it mean if no picture is displayed on a Samsung DLP and the front indicator lights blink steadily? Case Details: The set works for a few minutes when turned on and then the picture goes off.

DLP TV Troubleshooting Questions Answered

I have a SAMSUNG DLP hln617w1x/xaa and its broke. Here is what has happened. First, I got the three blinking lights at power up, I looked in the manual and it said to replace the bulb, which I did. I got the new bulb replaced it and it worked for about another week. Again back to the same problem, 3 blinking lights. Funny enough, when

SAMSUNG DLP 3 BLINKING LIGHTS OF DEATH | Electronics Forums

Hi have the same DLP TV and when i hit the start button no color wheel no lamp comes on so i traced the main power line witch ran from the wall to a small board that has a fuse on its good from there it went into a power board at a 120 volts but there was no power coming out of the line that leads to the ballast. dos this mean that the power board is bad. haven't tried ur test method yet put i ...
